PROFESSIONAL SUMMARY

Motivated **BSc IT graduate** with practical exposure to **Python programming**, backend development, **Django**, **FastAPI**, REST APIs, and database management. Completed a **Python Developer internship** at Grownited Pvt. Ltd. and worked on an **E-Garage System** using Python, Django, and PostgreSQL. Familiar with web technologies, object-oriented programming concepts, version control, and containerization using **Docker**. Eager to apply technical knowledge, strengthen problem-solving abilities, and contribute to software development projects while growing as a Software Engineer or Python Developer.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript, Java (basic)
- **Frameworks:** Django, Django REST Framework, FastAPI, React
- **Web Technologies:** HTML5, CSS3, Bootstrap, Tailwind CSS
- **Databases:** PostgreSQL, MySQL, MongoDB
- **API Development:** REST APIs, Pydantic
- **Tools & Platforms:** Git, GitHub, Visual Studio Code
- **Containerization:** Docker
- **Currently Learning:** AWS Cloud, Node.js, LangChain

INTERNSHIP EXPERIENCE

Grownited Pvt. Ltd. *19 January – 19 April*
Python Developer Intern

- Gained practical experience in **Python programming** and backend application development.
- Worked with **Django** and web application development concepts.
- Practised **database operations** and implementation of application logic.
- Improved understanding of debugging, code organisation, and **software development workflows**.

PROJECTS

E-Garage System *Python, Django, PostgreSQL*

- Developed an internship project focused on garage service management.
- Used **Python** and **Django** to implement backend application functionality.
- Used **PostgreSQL** for database management and data storage.
- Applied backend development and database integration concepts.

Personal Portfolio Website *React, Tailwind CSS, Vite*

- Developed a responsive personal portfolio website to showcase technical skills and projects.
- Used **React** components to structure the user interface.
- Applied **Tailwind CSS** to create a modern, responsive layout.

EDUCATION

LJ University *2025*
Bachelor of Science in Information Technology (BSc IT)

C. M. Amin Higher Secondary English Medium School, Bavla *2022*
Higher Secondary Certificate (HSC)

C. M. Amin Higher Secondary English Medium School, Bavla *2020*
Secondary School Certificate (SSC)

CORE COMPETENCIES

- Python programming fundamentals
- Object-oriented programming concepts
- Backend development & database integration
- REST API development fundamentals
- Logical reasoning & problem-solving
- Debugging and troubleshooting
- Teamwork and adaptability
- Quick learning & continuous improvement

CERTIFICATES

- Fundamentals of AI Agents Using RAG and LangChain
- Generative AI: Introduction and Applications
- Introduction to Data Analytics
- Introduction to Object-Oriented Programming with Java
